

I hate you		Who ate the cake	
---------------	--	---------------------	--

Get out		Where do you live		There are three people in there	
---------	--	----------------------	--	---------------------------------------	--

This cake is yummy		How lovely to see you	
-----------------------	--	-----------------------------	--

There is too much sugar in it		Why are there so many birds		Leave me alone	
-------------------------------------	--	-----------------------------------	--	-------------------	--
