Name: \_\_\_\_\_

The point is, you don't seem to have learnt anything		If we were all responsible for everything that happened to everybody we'd had anything to do with, it would be very awkward, wouldn't it	
Why should you do any protesting? It was you who turned the girl out in the first place		You see, we have to share something. If there's nothing else, we'll have to share out guilt	
I rather respect you more than I've ever done before		Between us we drove that girl to commit suicide	
First, the girl herself. ... Secondly, I blame the young man who was the father of the child... He should be made an example of		Nothing but morbid curiosity	
But you weren't asked to come here to talk to me about my responsibilities	Ulfsg	This young woman, Eva Smith, was a bit out of the ordinary	
She'd had a lot to say - far too much - so she had to go		so long as we behave ourselves, don't get into the police court or start a scandal - eh	
I wasn't in love with her or anything - but I liked her - she was pretty and a good sport		I don't come into this suicide business	
The Germans don't want war. ... Everything to lose and nothing to gain by war		It's my duty to ask questions! don't come into this suicide business	
But these girls aren't cheap labour - they're people		Yes, I think it was simply a piece of gross impertinence	
The famous younger generation who know it all		As they stare guiltily and dumbfounded, the curtain falls	
You mustn't try to build up a kind of wall between us and that girl		Probably a Socialist or some sort of crank	bility
Unsinkable, absolutely unsinkable		We are member of one body. We are responsible for each other	
There are millions and millions and millions of Eva Smiths and John Smiths		"a man has to mind his own business and look after himself and his own"
